PUB

- an old stein or pitcher made of the precious metal brass -

## a short chronicle

It has been started in 1857 - the year of the groundbreaking ceremony, where the foundation stone has been put down for the house, where this pub is located until today.  
The house of my great-great-great-grandparents.

Even back than Grandpa Willi loves spareribs, so my grandma prepared them every week in their own oven - thus the favorite dish „OPA WILLIS RIPPCHEN“ was born.

In 1959 I was born behind the bar - my parents bedroom.  
For more then 160 years the scent of spicy ribs is wafting through our rooms in Wendisch Rietz and we are working in order to continue this wonderful tradition.

# SPARERIBS
