

MESSINGKRUG

OUR HISTORY

It started all in 1857 - the year of the ground-breaking ceremony, where the foundation stone has been put down for this house. The house of my great-great-great-grandparents.

Grandpa Willi loved ribs even then. That's why grandma prepares his favorite dish here in his home oven every week.

In 1959 I was born behind the counter, so to speak.

That was where my parents bedroom was at the time. Since more than 160 years, the scent of spicy ribs has been wafting through the rooms and we continue this tradition.
